ANNA AGBOTSE SHORT BIO

Anna Agbotse is the founder and principal strategist of **Anna Agbotse LLC**, its **subsidiaries**, and its consulting arm, **Ayá Strategies**. A lifelong advocate for equity and community, Anna bridges people, policy, and purpose to create meaningful impact.

Born and raised in Ghana, she moved to the U.S. at 15 and quickly began using her voice to drive change, from launching a campaign on hunger in Ghana to founding *We Are the Voice International*, a platform for civic dialogue among African and diaspora youth. Her leadership has been recognized with national and international honors, including the U.S. Congressional Recognition Award and Rutgers University's Presidential Public Service Award.

Through her work with NCOGA YAY and her consulting practice, Anna continues to mobilize youth, amplify stories, and design equity-centered strategies that build with people, not just for them. Her mission is rooted in clarity, compassion, and impact, ensuring every voice has room to lead and be heard.
